

# Quality on Tap: Water Costs This Year

You may notice a slight increase in your water bill this month as our 2026 rates go into effect. We raised our annual rates by 4% for water and 6% for wastewater services. This increase is very similar to last year's and will help us fund anticipated expenses (including key projects) over the next 10-15 years. Your water remains a great quality for the cost.

CASTLE PINES NORTH  
METROPOLITAN DISTRICT™

## CPNMD Water — Real Value. Right on Tap.

**Around a penny per gallon for great water.**

**The best choice isn't bottled — it's right at home.**

**BEST VALUE:**  
GALLON CPNMD WATER **1¢**

	\$3.25	1.5L BOTTLE OF WATER
	\$4.00	8-PACK OF SPARKLING WATER
	\$4.00	GALLON OF MILK
	\$5.70	SMALL STARBUCKS LATTE
	\$12.50	6-PACK OF IPA BEER

This costs over 5,000 x more than CPNMD water!

## Have a Fire Suppression System (at home or business)? Inspections Required this Spring

Castle Pines North Metro District is conducting required inspections and testing of homes and businesses in our community with fire suppression systems. Testing must be completed by March 31, 2026.
